Online Safety 4 Schools

Online Safety 4 Schools

Online Safety Workshops for Pupils – Staff – Parents 2024 - Face to Face or Virtual

http://www.onlinesafety4schools.co.uk

Online Safety is about Behaviour - Online Safety is The Informed Use of Devices, Sites, Apps & Gaming & Online Behaviour must be Appropriate and Acceptable to make for a Safe Online Environment.   Social Media, Apps & Gaming are nothing to be afraid of, however schools must:
Keep Pupils Safe – Protect Educators – Safeguard Schools – Involve Parents & Carers

International and UK schools have taken the opportunity to receive Online Safety Training for Students, Parents, Staff and school Governors / Executives. Whilst we are 'post' virtual schooling & meetings, some schools have continued with virtual Online Safety Workshops for 'Parents' as this seems to allow for more attendees.

OS4S Online Safety workshops have been updated to be line with Keeping Children Safe in Education 2022, which correctly identifies the need for accurate informative & bespoke Online Safety Training and implementing effective Filtering & Monitoring.

Keeping Children Safe in Education Update:

The Ofsted report into sexual harassment in schools highlighted the issue of Online Safety 4 Schools and has brought Online Safety to the forefront of Keeping Children Safe in Education –
Online Child on Child (Student on Student) Abuse Harassment & Abuse in Schools / Online Safety. Online Safety Training for Governors, Executives or Trustees, plus implementing Effective & Robust Filtering & Monitoring.

What these serious issues have in common is, Social Media - Gaming Communities - Direct Messaging & Inappropriate Online behaviour.
Keeping Children Safe in Education prioritises Online Safety for All Schools
