Online Safety 4 Schools (UK & International)

Online Safety 4 Schools

DIGITAL FOOTPRINT OR DIGITAL TATTOO

Online Safety is of paramount importance, irrespective of where a school is situated in the world. KCSiE 2023 continues to prioritise Online Safety necessitating specific training for the Whole School, (Staff, Pupils, Governors & Parents) & Robust Filtering & Monitoring. Governing bodies and proprietors have a responsibility to promote online safety for children and provide them with a safe environment in which to learn. This workshop provides Governors / Executives with the knowledge needed to understand the statutory safeguarding requirements with respect to keeping children safe online.

Online Safety Workshop

School Governors
